**Subject:** FW: Question about discount for Eagles Nest

Hi Annette,

Thank you for your consideration. I will leave it to council to consider at their discretion. As the season is coming to a close in a few weeks, we would like to implement some kind of regular schedule for the Fall, perhaps. We would love to use that open space for stretching and off-ice exercise in conjunction with our on-ice programming.

Many thanks,

Alanna

**Subject:** Question about discount for Eagles Nest

Hi Annette,

I have a question for you about renting the space in the Eagle's Nest periodically for the skating club for 30-60 minutes at a time at a discounted rate. We have not utilized the space this year because of the high cost. We would like to use it more going forward for off-ice training. The clean up/set-up would be very minimal, if any. No food. No shoes. No tables. We just need a clean, open space. I have attached a picture of another skating club for perspective. Let me know your thoughts.

Thanks,

Alanna Hermans
